

INSTRUCTIONAL THERAPY GOLF CLINICS

Our **FREE** programs allow us to accomplish our mission of providing access to outdoor activities as a positive outlet for our Active-Duty Service Members, Veterans (Combat and Disabled), and their Dependents as they overcome life's difficulties specifically attributed to the effects of Post-Traumatic Stress Disorder (PTSD). **All Active, Retired Military, and family members and adaptive golfers are invited to participate in these programs.**

As of 2022, RFHF is a member of the US Adaptive Golf Alliance (USAGA). **We have PGA Professionals and certified Adaptive Golf instructors and volunteers.**
